Two revalidation missions: Lanzarote, Spain and Bohol, Philippines

Management and Financial status

Gea Norvegica Geopark is an inter-municipal company. The Geopark is owned by seven municipalities and two counties. The Geopark is financed by the owners, according to a legal agreement and we have additional funding from projects. The Geopark have three full time positions, and one part-time position, one additional full time in 2019.

Geoconservation

According to Norwegian law and local regulations, the Geopark panels are equipped with intervention about how to behave and we cooperate with relevant authorities.

Municipalities are maintaining their geosites.

Sustainable tourism (Geotourism)

Participation with local tourism enterprises and small scale partners. Focus on knowledge based tourism

New Education programmes on geoconservation, sustainable development and disaster risk reduction

Marine littering project – hundreds of students has learned about, collected and registered marine waste along our coast.

Exhibitions, lectures and pub talks on geohazards on local and regional point of view and other environmental issues at DuVerden science centre, Folque Pub, Bølgen cultural centre and Elvespeilet cultural scene.

Strategic Partnership

Partnerships with local enterprises and hotels. Norwegian University of Life Sciences, University of Oslo, Natural history Museum. Friluftsrådet, University of South East Norway, Telemark museum, Århus Farm and DuVerden science centre, Jomfruland national park.

Promotional activities

Program for guided tours, general leaflets, website, Newsletter Facebook and Instagram.
