New Education programmes on geoconservation, sustainable development and disaster risk reduction

1. Development of educational materials connected with the TeachOut App
2. Development of Geopark´s educational Program available online.

Strategic Partnership

- Magma Geopark is a member in the forum for the Region and the destination company. Manager Pål Thjømøe got the Ambassador reward from destination company Region Stavanger in 2019 for the work done for the region in 2018.
- Strengthen the cooperation with all the municipalities development offices
- Ten GEOfood producers have signed an agreement with Magma Geopark locally.
- More UGG worldwide request to be a member of the GEOfood brand.
- Partnership with Norwegian Geoparks for strengthening the Geopark Programme in Norway.
- Partnership with the Jossingfjord Science Center for developing a Geopark’s geological exhibition. The building of the center starts early 2020 and will open in 2022.
- Together with the other two norwegian geoparks we had meetings with central governmental politicians and reached positive feedback on governmental support to all the Norwegian UNESCO Global Geoparks through the National budget starting from 2020.

Promotional activities

- Regular articles to EGN-GGN webpages, newsletter, social media.
- Instagram campaign and newsletter for schools and local stakeholders.
- Radio interview on the national broadcasting
