Göttingen, 27 August 2023

**Subj.: 4<sup>th</sup> GGN General Assembly, 08. Sept. 2023, Marrakech**  
**here: Proposal W. Eder, Strategic Plan 2024-2025, Strategic Action 11**

### **Proposed Amendments and Additions**

GGN is partner with UNESCO for the implementation of the UNESCO Global Geoparks Programme.

1. Aiming in improving the knowledge and respect for the Earth through the afore-mentioned educational means and information on the threats related to the vulnerability of nature, cultural sites and society GGN attaches great importance to international networking and collaboration with

- International, non-governmental geo-related Scientific entities like IUCN, IUGS, IUGG, IAG, ICL (landslides) or the inter-governmental UN-WMO (floods etc.).

2. Engaged in the promotion of "responsible, sustainable and universally accessible tourism" GGN may offer its unique experience in geo-tourism to

- Governmental global entities like UN-WTO, and
- case by case debatable non-governmental undertakings.

3. Finally, GGN attaches great importance to the presence in International Conferences, i.e. IGC, IGU, IAG, EGU, AGU or GSA.
